G.O.No.548, Revenue, dated 7-3-1949.

A copy of the executive instructions proposed to be issued by the Board of Revenue on the question of levying duty on medicinal preparations containing self-generate
generated spirit, submitted with Board's Refce C.R.No. 29684 Abk/46 XC5 dated 23-5-49 is annexed to this memorandum after incorporating in it the amendments submitted with Board's Refce.C.R.No.29684 Abk/46 XC5 dated 2-8-49 and a few other verbal amendments. In para 6 of the instructions it is stated that the Board will publish a notification in the Fort St. George Gazette in the case of preparations declared to be purely Ayurvedic. It is presumed that the notification will state whether the preparation contains more than 20% of proof spirit and is therefore liable to duty or whether it contains only 20% or less of proof spirit and is therefore exempted from duty. It seems also necessary to issue a notification even a preparation is found to be not purely Ayurvedic. The Board is requested to submit the necessary amendments to the executive instructions.

The tests in para 5(ii) of the executive instructions were at first suggested by the Board when the proposal was to except from duty only purely medicinal preparations not liable to be misused as an alcoholic The Board is requested to state in consultation with the Principal, College of Indian Medicine whether the same tests can be applied to examination whether a preparation is purely Ayurvedic or not.
